

ESTABLISHED 1872.

WE need no further introduction here than to say that we have been **Established Over 23 Years** and carried our standard in the front of the battle where no less than 9 of our competitors died on the battle field of our limited market or retired from the arena of competition for lack of mechanical merit or practicability, leaving hundreds of victims and machines of little merit dead and useless for want of supplies, repairs, needles, &c., (an object lesson of the survival of the fittest.) **MORAL:**—Purchase your machines from the old and reliable firm of **CREELMAN BROS.**, who hold the fort with their batteries of inventive genius (which has stamped their machines with superior merit, originality and practicability.)

We have paid special attention to the manufacture of **Family Machines** and are now able to supply machines at **prices within the reach of every one.** You cannot afford to be without one at our unprecedented low prices. (See page 13.)

Partles desiring machines for Money-Making by knitting or for **Seamless Hosiery Manufacturing** should not fail to consult us as our 23 years experience is at your service. We will explain the best machine for your requirements. Pay us a visit, it will be worth a year's experience and ten times the cost of trip.

We are respectfully yours,

Our Motto: "The Best and Best Only."

Thousands by Experience have found that a plain machine without a ribber is only half a Machine, and that **The Best is the Cheapest.** The "WORLD'S STAR" Ribbing Machine has a **World-Wide Reputation**, and is at this time shining brightly in almost the entire world. **It Lives to Shine and Shines to Live**, and is now doing so on the four continents, where thousands of the STAR are now introduced. Its merits are so well known we need only refer to it as **The STAR that Leads the World**. It is designed like our steam power machines for High Speed Running and made extra heavy and strong in all parts, and is just the machine for Convents, Schools, Asylums, Houses of Correction, Industrial Institutions, and especially for Small Hosiery Makers. Heretofore it has been Our Family Machine, thousands of which have been sold for Family Use, and will continue to be sold to those who can afford to pay the price.

For Store and Custom Work we make the **World's Star** in 4 sizes: 4 1/4 in., 4 in., 3 1/2 in. x 3 in. The 4 1/4 and 3 1/2 in. being the two best sizes for Rib and Plain work. For money making by knitting this machine can be furnished with a 9 in. driving wheel.

"The Dollar" Family Knitting Machine

THE DOLLAR MACHINE, or Dollar Maker, (as it is called by its friends who have made dollars on it) is a veritable dollar maker, and has earned this popular name. **A good name can never die or be forgotten.**

It is **simplicity** materialized into a compact and perfect knitting machine, complete for plain or rib work (see cut on opposite page. Made in 4½ in. only).

It is a **new invention**, "a happy thought," and will make millions of homes happy and comfortable with **the best all-ribbed under-shirts, drawers, hosiery, mits, caps, &c.** It will **clothe your family from head to foot.**

It..... **\$\$\$** to...
Means **You**

THINK OF THIS

You can Make **Many \$\$\$**

THE DOLLAR MACHINE, like all other first-class machines, has its special points of merit. Its chief and special feature is its **Transfer Needle**. The same needle being used in the needle-cylinder and dial, and is simply lifted out of the cylinder and placed in the dial with the stitch on it. This tells the whole story of simplicity in ribbing. You need not be afraid to purchase for fear of not learning.

“The Money=Maker A.”

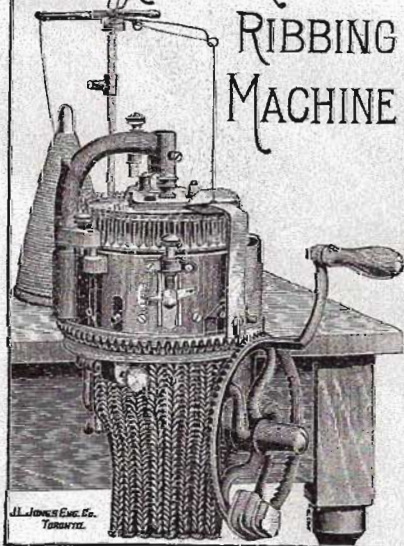

THIS MACHINE is made with a medium size driving wheel and in this respect is like the “Dollar” and “Money=Maker,” and like them it is remarkably light running. It will do everything the “World’s Star” can possibly do, and is built with the same material throughout, and in every way with the same first-class workmanship.

☛ “THE MONEY-MAKER A” can be furnished with a large driving wheel 6 inches diameter, like the one with the “World’s Star.” For Money=Making by Knitting we would recommend the 6 inch driving wheel as a higher speed is attained, but For Family Use we Certainly would Recommend the Medium Size Driving Wheel as light running is more desirable. Made in 4½ in. only.

☛ Our Machines are no experiment, our 23 years experience enables us to give the most practical. and best price considered. We give bargains in Second-Hand Machines.

THE “MONEY-MAKER A” RIBBING MACHINE

The “Money=Maker A.”

☛ **T**HE MONEY MAKER A is our latest effort to give the waiting world a good thing, in appearance this machine resembles the “Dollar” machine, but in operation is practically the same as the “World’s Star,” the Needle-Cylinder, Needle-Dial, Cam-Cylinder, cams and needles and all other attachments being essentially the same as the “World’s Star” and accompanied by the “World’s Star” instruction book, from which you can teach yourself. The “World’s Star” has become so popular throughout the world and so many thousands of operators who are using them and can teach that we decided to give the world a machine which would do all that it can possibly do at popular prices, and thereby secure the services of these practical operators for teaching the many thousands of homes waiting for the latest and best family Knitting Machine at a reasonable price.

Are You Aware this is Our Latest and Best at a Low Price.

The "Money-Maker"
Family Knitting Machine

THIS machine is our cheapest family Knitting Machine at a remarkable low price. It is mechanically well made with first-class material and workmanship. The special features of merit are simplicity, practicability and originality. It will do the same range of work as the "Dollar" or "World's Star." You can teach yourself.

The "Money-Maker" is not a cheap trap machine, with wood or lead needle-cylinder, with rattle-trap fixings and attachments like some machines on the market. Beware of such. One victim writes, "save us and others from such a machine."

The "Money-Maker" on next page has only one needle-cylinder. Plain machine same style, time price \$12, and only \$10 Net Cash with Order and Coupon.

\$100 Reward To any one with reasonable intelligence who cannot learn to make a good sock in a few hours' time on any of our machines.
